## Technical Data Sheet for polyester wipers

### Specification

Model	Weight( $\pm 12$ g/m <sup>2</sup> )	Thickness ( $\pm 0.05$ mm)	Remark
EK1135	135gsm	0.51mm	Normal
	Size	Inner pack	Outer Pack
	4" * 4"	150Pcs	400Pcs
	6" * 6"	150Pcs	150Pcs
<b>Packing</b>	9" * 9"	150Pcs	150Pcs
	12" * 12"	150Pcs	150Pcs

### Performance

Test Item	Unit	Value	Remark
Absorptive rate (IPA)	s		0.35 <2s

### Contamination Test

Test Item	Unit	Value	SPEC
Wiping Particles	Pcs	No visible wiping Particles	Not visible
Wiping residue(alcohol)		No visible wiping Residue	No visible
LPC	Count / cm <sup>2</sup>		698.5 <1000
NVR(IPA)	Mg/g		0.35 < 1.00

Test method: ECO-Test SOP 001-006

### Benefits

- A. Constructed from 100% polyester, its soft and non-abrasive texture makes it the ideal wiper for cleaning sensitive surfaces.
- B. Ultralow fiber generation, high absorptive rate and cleaning capacity.,Very low particle, ion and non-volatile residue content.
- C. Products comply with ROHS standard, high environment protection products.
- D. Laser cutting and ultrasonic cutting edge for choice
- E. Super low cost for industry application

### Applications

PCB, SMT, Touch Panel, Hard Disk, Medical device.(For class10 to class1000 above cleanroom)
